Technical Meeting_20170223.docx

Dee and Kristen,

After discussing next steps with Anthony, I would like to set up a follow-up call to check in on the items that we developed from the technical meeting that we had on February 23rd.

Do you have time next week for such a call. I imagine we could check in on these items in a 1-1.5 hour call. Please let me know your availability. If you give us a couple dates/times to work with, we can line up the right people here. Thanks.

Sherry

Subject: summary and commitments, technical meeting

Dee and Kristen: Thank you for hosting EPA last week.

All: Thank you for your contributions to the Haskell Lake technical meeting. I've attached a summary of the many commitments made as you considered how to move forward. We re-grouped and re-numbered the items, but you will find no changes from your conversation. It's great to see that some commitments have already been achieved. I look forward to more progress soon.

Please distribute the summary within your organizations, as needed. Thanks again for inviting TIAO to take part.

Vr,

Anthony Greenwater, Director
